**INSTALLATION:** In accordance with listee's printed installation instructions, applicable codes and ordinances and in a manner acceptable to the authority having jurisdiction.

**MARKING:** Listee's name, model number, electrical rating and UL label.

**APPROVAL:**

Listed as a fire alarm control unit for use with separately listed compatible initiating and indicating devices. DAX-I keypad functions which disengage initiating or audible devices shall be rendered inoperable.

This control unit does not generate a temporal pattern signal. If the distinctive three-pulse Temporal Pattern in accordance with NFPA 72, 2002 Edition is required, the control unit must be used with appliances that can generate the temporal pattern signal. Refer to manufacturer's Installation Manual for details.

This control unit meets the requirements of UL-864, 8<sup>th</sup> Edition Standards.

\*Rev. 11-03-2002

This listing is based upon technical data submitted by the applicant. CSFM Fire Engineering staff has reviewed the test results and/or other data but does not make an independent verification of any claims. This listing is not an endorsement or recommendation of the item listed. This listing should not be used to verify correct operational requirements or installation criteria. Refer to listee's data sheet, installation instructions and/or other suitable information sources.

Date Issued:

**JUNE 4, 2007**
